Hackers For Charity Bulletin Board

Featured Charity

Manager: OK, this is a rather simple one. They need a blog. I've found a hosting company. We need someone to design a logo and to do graphic design for the theme. We need someone savvy with something like wordpress.

Manager: Found a graphic designer.

Manager: Waiting on a WordPress person....
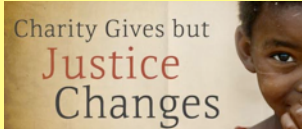

Web Site design for Charity
We're a big charity in East Africa. We help orphans with school and feed them. We need a web site.

Equipment needed in Seattle

We're a small charity in Seattle. We help kids that fell off of boats. We give them swimming lessons and job skills. We need some computers for teaching them how to type. Looking for monitors, and impulse drives.

Manager: Fred sent the impulse drive. Monitors anyone?

Jump In!

Security scan needed

We're a small charity and can't afford security work.

Manager: Web scan. Sensitive gig. This one requires some personal references or HFC points. Join in to learn more.

Hardware repair tech needed in DC

We're a small charity in DC. We have computers and need repairs.

Manager: This is a local job. We need someone to do the work, and we have no local HFC branch in DC. We need a volunteer to start one to coordinate equipment donations and find volunteer techs.
